

Modifications, Tools, Resources and Extension Activities

Modifications

- Some links follow with audio if a student is visually impaired.
- Templates can be modified so only one question per page.
- On computers universal access for increasing size of cursor
- Teachers can print out pages of web quest for students to write on and see with bigger text if necessary
- Provide students with a blank template for a brochure/skit to use
- Students can also have access to a finished brochure and skit as a reference to see what teacher's expectations are.
- Modify resource sites for students that may not be on a fourth grade reading level (pick sites that have easier sentences etc)

Tools/ Resources

- Computer/internet access, ability to print templates, evaluations
- Venn diagram and inspiration document
- Microsoft Publisher
- Paper/ Pencil
- Tutorials for brochure and skit

Extension activities

- Show me app
- Present to principal
- Create a story using Storybird.com
- Create a comic strip about bullying
