

Performance Objectives and Outcomes

Performance Objectives:

Students will:

- ❖ Define bullying and identify different methods of bullying.
- ❖ Work collaboratively to create a group definition of bullying.
- ❖ Work independently researching from selected Internet resources and writing in their unique roles and complete worksheets.
- ❖ Explain the effect bullying has on students who fall victim and witness bullying situations.
- ❖ Determine strategies that individuals can utilize if they are ever bullied.
- ❖ Work collaboratively to present information and provide examples for dealing with a bullying situation in the form of a brochure or skit.

Outcomes:

The goal of this Web Quest is for the students to get a better understanding of bullying and a set of strategies to deal with bullying. Through co-operative learning, the students will create a well-researched and thought skit or brochure to be shared with their peers.
